(6 months)

Kitchen Staff. At *The bell*, Sax.

(4 months)

Staff member. At *The Walled Garden*, near Sax.

(2 months)

Gardening/landscaping.

(Around 1 year)

Programming Knowledge:

Java Script

I have been using Java Script for the past few months.

I have made web applications in Java Script, and am experienced with html markup, additionally I am also familiar with Node.js & Processing.

C++

I have been learning C++ for the past half year.

I have created interactive 3D graphics in OpenGL using C++.

C++ is my favourite language, and I have spent a lot of time learning it in the recent past.

An example of something I have done with this language is building a 'Game Engine' based from tutorials, and creating 3D graphics.

Python

I have been using python for around 2 years and have used it to create things such as geometric graphics, interfaces, games, et cetera.
