siggins@protonmail.com — <http://jacobsiggins.co.uk>

07 340 593 818

## technical skills

### Languages

**Programming** JavaScript, C++, Java.

My github: [github.com/siggines](https://github.com/siggines)

My website: [jacobsiggins.co.uk](http://jacobsiggins.co.uk)

Some links to pages I've made which demonstrate Java Script web-app functionality:

[Ambience web-app](#)

[Weather API](#)

[Drag & drop](#)

I am familiar with Node.js, and a bit of React.

In C++ I have for example made games with the SFML framework.

Some other projects I have made in these languages are available to view on my Github.

**Markup** HTML, CSS, T<sub>E</sub>X.

Here is an example demonstration of CSS functionality:

[Simple text-effect](#)

**Scripting** Python, Shell.

## education

### GCSE

Geography: C	Philosophy: B	History: B
Chemistry: C	Maths: B	Biology: B
Literature: C	Language: C	Physics: C

### A-Level

Computer Science:	B
Government and politics:	D
Maths:	C

## about me

Since finishing college I have been doing landscaping, and in some of my free time have been developing my programming knowledge, including learning a little bit of C++ and Java, and creating websites and web-applications with JS.

My ambition is to have a career in software development, and at the moment I am open to both the front-end and back-end pathways within the field.

I am currently searching for an apprenticeship because this is a good way to start a career in the field, and I'm eager for the opportunity to learn.
