

Jacob Siggins

siggins@protonmail.com — <http://jacobsiggins.co.uk>

07 340 593 818

technical skills

Languages

Programming JavaScript, Java, C++, Python.

My github: github.com/siggins

My website: <http://jacobsiggins.co.uk>

Some links to pages I've made which demonstrate Java Script web-app functionality:

'Ambience web-app'

'Weather app', using an API

'Drag & drop'

I am familiar with the use of Node.js, and I have some experience making web-apps with React.

You can click the link at top of this section to my Github page, where a few of the projects I have worked on in C++, Java and Python are available to see.

Markup HTML, CSS, ShellScript, XML.

Here is an example demonstration of CSS functionality:

'Simple text-effect'

You can also view the CSS in the Java Script demos above, or on my website.

Geography: C	Philosophy: B	History: B
Chemistry: C	Maths: B	Biology: B
Literature: C	Language: C	Physics: C

A-Level — *Suffolk One & Thomas Mills Sixth-form*

Computer Science:	B
Government and politics:	D
Maths:	C

about me

Since finishing college I have been doing landscaping, and in some of my free time have been developing my programming knowledge, including learning a little bit of C++ and Java, creating websites and web-applications with JS, and have done various projects in Python such as making Webscraping scripts with the Selenium library.

My ambition is to have a career in software development, and at the moment I am open to both the front-end and back-end pathways within the field.

I am currently searching for an apprenticeship because this is a good way to start a career in the field, and I'm eager for the opportunity to learn.

If you would like to know more, please do not hesitate to contact me at my email 'siggins@protonmail.com', or by mobile at '07340593818'.

Thank-you for your time.
